Professional Objective

Dedicated FullStack developer, with practical experience in freelance projects, looking for an opportunity to apply my skills in HTML, CSS, JavaScript, React, Nest.js, Next and other modern technologies in the development of functional, responsive and optimized web solutions, contributing to the success of the company and customers.

Technical Skills

- **Programming Languages:** JavaScript, TypeScript, PHP (Laravel), Nest.js
- **Frameworks and Libraries:** React, NextJS, TailwindCSS, Node.js
- **Integration and Database:** APIs REST, MySQL, PostgreSQL, Prisma
- **Tools and Versioning:** Git, GitHub, Docker
- **Additional Skills:** Desenvolvimento de interfaces responsivas, otimização de performance, usabilidade, manutenção de sistemas

Professional Experience

Freelance FullStack Developer

Independent Projects | São Paulo, SP | 2024 - 2025

- Development of responsive and modern interfaces for small businesses using HTML, CSS, JavaScript and React.
- Integration of REST APIs for dynamic functionalities in web applications.
- Performance and usability optimization in existing projects, ensuring efficient user experiences.
- Maintenance and updating of websites, ensuring customer satisfaction and the quality of the final product.
- Collaboration with clients to understand needs and deliver solutions aligned with project objectives.

Freelancer FullStack Developer

startup Alana AI | Remote | 2025/06 - 2025/12

- Creation of REST APIs in NestJS with authentication and authorization via JWT.
- Front-end integration in Next.js with a focus on API consumption and layout.
- Implementation of internationalization (i18n) using LibreTranslate in a containerized environment with Docker.

Academic Training

Systems Analysis and Development Technician

University Nove de Julho (UNINOVE) | São Paulo, SP | Conclusion: 2021
